16      just the number of additional months under this  
17      subsection for a cohort for a year from that provided  
18      in the previous year within such 5-year period to the  
19      extent necessary to take into account, based upon  
20      the best available data, differences between actual  
21      and estimated expenditures under this part attrib-  
22      utable to this subsection for previous years and to  
23      comply with the limitation on total expenditures

25 (b) MEDPAC STUDY AND REPORT.—

1           (1) STUDY.—The Medicare Payment Advisory  
2       Commission shall conduct a study that evaluates the  
3       methodology used by the Secretary of Health and  
4       Human Services in developing the risk factors used  
5       in adjusting the Medicare+Choice capitation rate  
6       paid to Medicare+Choice organizations under sec-  
7       tion 1853 of the Social Security Act (42 U.S.C.  
8       1395w–23) and includes the issues described in  
9       paragraph (2).

10          (2) ISSUES TO BE STUDIED.—The issues de-  
11       scribed in this paragraph are the following:

12               (A) The ability of the average risk adjust-  
13       ment factor applied to a Medicare+Choice plan  
14       to explain variations in plans’ average per cap-  
15       ita medicare costs, as reported by  
16       Medicare+Choice plans in the plans’ adjusted  
17       community rate filings.

18               (B) The year-to-year stability of the risk  
19       factors applied to each Medicare+Choice plan  
20       and the potential for substantial changes in  
21       payment for small Medicare+Choice plans.

22               (C) For medicare beneficiaries newly en-  
23       rolled in Medicare+Choice plans in a given  
24       year, the correspondence between the average  
25       risk factor calculated from medicare fee-for-

1 service data for those individuals from the pe-  
2 riod prior to their enrollment in a  
3 Medicare+Choice plan and the average risk fac-  
4 tor calculated for such individuals during their  
5 initial year of enrollment in a Medicare+Choice  
6 plan.

7 (D) For medicare beneficiaries disenrolling  
8 from or switching among Medicare+Choice  
9 plans in a given year, the correspondence be-  
10 tween the average risk factor calculated from  
11 data pertaining to the period prior to their  
12 disenrollment from a Medicare+Choice plan  
13 and the average risk factor calculated from  
14 data pertaining to the period after  
15 disenrollment.

16 (E) An evaluation of the exclusion of “dis-  
17 cretionary” hospitalizations from consideration  
18 in the risk adjustment methodology.

19 (F) Suggestions for changes or improve-  
20 ments in the risk adjustment methodology.

21 (3) REPORT.—Not later than December 1,  
22 2000, the Commission shall submit a report to Con-  
23 gress on the study conducted under paragraph (1),  
24 together with any recommendations for legislation

1       that the Commission determines to be appropriate as  
2       a result of such study.

3       (c) STUDY AND REPORT REGARDING REPORTING OF  
4 ENCOUNTER DATA.—

5           (1) STUDY.—The Secretary of Health and  
6       Human Services shall conduct a study on how to re-  
7       duce the costs and burdens on Medicare+Choice or-  
8       ganizations of their complying with reporting re-  
9       quirements for encounter data imposed by the Sec-  
10      retary in establishing and implementing a risk ad-  
11      justment methodology used in making payments to  
12      such organizations under section 1853 of the Social  
13      Security Act (42 U.S.C. 1395w–23). The Secretary  
14      shall consult with representatives of  
15      Medicare+Choice organizations in conducting the  
16      study. The study shall address the following issues:

17           (A) Limiting the number and types of sites  
18           of services (that are in addition to inpatient  
19           sites) for which encounter data must be re-  
20           ported.

21           (B) Establishing alternative risk adjust-  
22           ment methods that would require submission of  
23           less data.

24           (C) The potential for Medicare+Choice or-  
25           ganizations to misreport, overreport, or under-

1 report prevalence of diagnoses in outpatient  
2 sites of care, the potential for increases in pay-  
3 ments to Medicare+Choice organizations from  
4 changes in Medicare+Choice plan coding prac-  
5 tices (commonly known as “coding creep”) and  
6 proposed methods for detecting and adjusting  
7 for such variations in diagnosis coding as part  
8 of the risk adjustment methodology using en-  
9 counter data from multiple sites of care.

10 (D) The impact of such requirements on  
11 the willingness of insurers to offer  
12 Medicare+Choice MSA plans and options for  
13 modifying encounter data reporting require-  
14 ments to accommodate such plans.

15 (E) Differences in the ability of  
16 Medicare+Choice organizations to report en-  
17 counter data, and the potential for adverse com-  
18 petitive impacts on group and staff model  
19 health maintenance organizations or other inte-  
20 grated providers of care based on data report-  
21 ing capabilities.

22 (2) REPORT.—Not later than January 1, 2001,  
23 the Secretary shall submit a report to Congress on  
24 the study conducted under this subsection, together  
25 with any recommendations for legislation that the

1 Secretary determines to be appropriate as a result of  
2 such study.

20 with the Secretary, as of October 13, 1999, that  
21 they will not be offering such a plan as of January

13 apply to payment to the first Medicare+Choice orga-

17 in an area on the same date, paragraph (1) shall  
18 apply to payment for such organizations.

19 “(4) CONSTRUCTION.—Nothing in paragraph  
20 (1) shall be construed as affecting the calculation of  
21 the annual Medicare+Choice capitation rate under  
22 subsection (c) for any payment area or as applying  
23 to payment for any period not described in such  
24 paragraph and paragraph (2).

1           “(5) OFFERED DEFINED.—In this subsection,  
 2           the term ‘offered’ means, with respect to a  
 3           Medicare+Choice plan as of a date, that a  
 4           Medicare+Choice eligible individual may enroll with  
 5           the plan on that date, regardless of when the enroll-  
 6           ment takes effect or when the individual obtains  
 7           benefits under the plan.”.

2 subparagraph:

3 “(B) EARLIER RE-ENTRY PERMITTED  
4 WHERE CHANGE IN PAYMENT POLICY.—Sub-  
5 paragraph (A) shall not apply with respect to  
6 the offering by a Medicare+Choice organization  
7 of a Medicare+Choice plan in a  
8 Medicare+Choice payment area if during the 6-
